# Saribung Peak(6328m) Climbing

Saribung Peak is being famous for its route which you might walk through the Nepal's isolated tinny forbidden kingdom Mustang. Northeast of the Annapurna Mountains in the Peri Himal, near the Tibetan border, is a large group of largely unknown and fascinating mountains. There are the seven thousand Nemjung, Himjung and Himlung peaks, Seribung represents the ascent of the peak via the normal route has no special technical difficulties. It is a pure Snow Tour. However, its ascent is a challenge because a long way in to cover a large amount is garnished with the vagaries of the weather.This peak base camp set at the height 5250m known by Japanese base camp. High camp will be set at 5800m. From the summit once more enjoy the view south to Annapurna himal, Himlung and Peri Himal  and Brikuti mountains.Asian Expedition Team is dedicated for this peak organizing.

## Trip Itinerary:

## Saribung Peak(6328m) Climbing:

Saribung Peak(6328m) is being famous for its route which you might walk through Nepal's isolated tinny forbidden kingdom Mustang & Naar Phu village the restricted area.

Northeast of the Annapurna Mountains in the Peri Himal, near the Tibetan border, is a large group of largely unknown and fascinating mountains. There are the seven thousand Nemjung, Himjung, and Himlung peaks, Seribung represents the ascent of the peak via the normal route and has no special technical difficulties. It is a pure Snow Tour. However, its ascent is a challenge because a long way in to cover a large amount is garnished with the vagaries of the weather. This peak base camp is set at the height of 5250m known by the Japanese base camp. The high camp will be set at 5800m. From the summit once more enjoy the view south to Annapurna himal, Himlung and Peri Himal and Brikuti mountains.
